Can't help falling in love ( ost. lilo & stitch )

Wise men say only fools rush in

But I can't help falling in love with you

Shall I stay

Would it be a sin

If I can't help falling in love with you

Like a river flows surely to the sea

Darling so it goes

Some things are meant to be

Take my hand, take my whole life too

For I can't help falling in love with you

Like a river flows surely to the sea

Darling so it goes

Some things are meant to be

Take my hand, take my whole life too

For I can't help falling in love with you
