

A Teens, China In Her Eyes

Behind the sun I found someone, my China woman, oh no.
She's painting clouds day in day out, my China girl, don't go.
Oh, I can't, oh, I can't, oh, I can't give up
The way she looks to me,
oh, I can't, oh, I can't, oh, I can't give her more,
just my heart, she's my destiny.
She has China in her eyes. Can't you see it?
China in her eyes. Can't you feel it?
China in her eyes. A secret smile.
Oh can't you see it's you and me.
My China woman oh no.
I miss you so, can't let you go.
My China girl don't go.
Behind brown eyes she's mystified my China woman, oh no.
It's like a dream, the moon turns green, my China girl don't go.
I believe, I believe, I believe I fly, I'm writing hearts to you.
And I wait, and I wait see I wrote in the sky,
take my heart, what have I got to do?
She has China in her eyes. Can't you see it?
China in her eyes. Can't you feel it?
China in her eyes. A secret smile.
Oh can't you see it's you and me.
My China woman oh no.
I miss you so, can't let you go.
My China girl don't go.
She has China in her eyes. Can't you see it?
China in her eyes. Can't you feel it?
China in her eyes. A secret smile.
Oh can't you see it's you and me.
My China woman oh no.
I miss you so, can't let you go.
My China girl don't go.
From the moon to the stars and all around the universe.
this is a dedication to you. China in your eyes.
