

A-Teens, Closer To Perfection

A-Teens
New Arrival
Closer To Perfection
Clo-ser, to-to perfection
Clo-ser, to-to perfection

Closed every door
Puttin' everything aside
Hooked onto you
And my life was passing by
I stood in a cloud of dust
Blinded till you cut me off

[CHORUS]
I'm back and alive
Getting over you
Now I've got it together
I'm stronger than ever
Back on a track with a better view
And I'm getting closer to perfection
Cause of you

Clo-ser, to-to perfection
Gone in a beat
Suddenly I'm on my side
Shook me around
Like a thunderbolt in strike
I stand in the light of faith
I thank you in so many ways

[CHORUS]

Closer perfection cause of you
(dont-dont-dont-dont-dont-dont-dont-dont-get-get-get-get-get) [x2]

All the things I wouldn't do
Without holding onto you
Lost in the dark
Til you left me without a clue

[CHORUS x2]

And I'm getting closer to perfection
Cause of you
