Don't Even Know Your Name

see you everyday on the morning bus

You seem a little sad and lonely

I try to look away but when you pass my seat

I always hope that you will see me

Wish i could let you know

How i feel before you have to go.

I want to hold you, make it come true

Give all my loving but i don't even know you.

I'll be your sunshine in pouring rain

And say i love you but i don't even know your name.

I can't help myself i'm going slightly mad

I slip a note into your pocket

And i'll wait all night for the phone to ring

I wonder if you got the message

We might not be meant to be

But i hope time will tell differently

I want to hold you, make it come true

Give all my loving but i don't even know you.

I'll be your sunshine in pouring rain

And say i love you but i don't even know your name.

Now we are perfect strangers

No one's sitting next to you

Will i have the strength to pull it through
