

A-Teens, Oh, Oh...Yeah

A-Teens
Pop Til You Drop
Oh, Oh...Yeah
Stop
And take those big blue eyes
Back out of my heart
It don't belong to you

But maybe it could
It sure has crossed my mind
I gotta be strong
I gotta be true this time

But as we kiss goodbye
I don't even know why I ain't movin'
Ain't lookin my way

See on the surface you're this perfect angel inside
There's nothing you can't hide

[CHORUS]
Oh, oh, sugar ain't as sweet as you
Oh, oh, monkey see as monkey do
And I could get addicted
Sure as every movie is
Oh, oh, yeah

Hot
Like baby mid-July
You're none of these
No shade when you walk by

I'm falling for you
And that is falling bad
I gotta do right
So I don't lose what I have

And when you smile at me
Baby I just can't wait to be leavin'
Be miles away

See on the surface you're this perfect angel inside
There's nothing you can't hide

[CHORUS]

Hey! Sugar ain't as sweet as you

On the surface you're this perfect angel inside
There's nothing you can't hide

[CHORUS]

Oh, oh, sugar ain't as sweet as you
Oh, oh, honey bees get jealous too
We're perfectly connected
Sure as we both need this here
Oh, oh, yeah
