

# A-Teens, Shangri-La

A-Teens  
New Arrival  
Shangri-La  
(Dhani)  
We got it going on  
I can't tell right from wrong  
You can say that when kiss we get lip sync

(Amit)  
I know it's getting late  
but like a twist of faith  
My clock stops when I'm with you

(Marie)  
Though Time is ticking way to fast  
We can make this moment last  
I don't want the night to end

(All)  
I can take you to my hideaway  
My Shangri La  
My Shangri La  
You and I will see the break of day  
In Shangri La  
In Shangri La

(Sara)  
Come on lets roll the dice  
The look up on your eyes  
Saiz your mind's made up  
You don't have to think twice

(Marie)  
So whats it gonna be  
Will there be you and I  
Wanna try to make you see

(Sara)  
That time is ticking way too fast  
We can make this moment last  
I don't want the night to end

(All)  
I can take you to my hide away  
My Shangri La  
My Shangri La  
You and I will see the break of day  
In Shangri La  
In Shangri La

(Marie)  
You really make my head spin  
Don't know where you and i begin  
But it's not like I care

(All)  
I can take you to my hide away  
My Shangri La  
My Shangri La  
You and I Will see the break of day  
In Shangri La  
In Shangri La

I can take you to my hide away

My Shangri La  
My Shangri La  
You and I Will see the break of day  
In Shangri La  
In Shangri La

I can take you to my hide away  
My Shangri La  
My Shangri La  
You and I Will see the break of day  
In Shangri La  
In Shangri La
