Slammin' kind a love

The days that I've spent apart from you

Have been really hard for me

I wanted to be so close to you

And to live my fantasy

Now you've got me climbing on the walls

I can't wait to put down my books and run to you

And now I'm just waiting for your call

Let's go driving down by the sea tonight, baby

Cause all that I've got

I wanna give you

Over and over and over again

Baby I am down

With the games you wanna play

You have got me going now

In every single way

I know you can give me

The things I'm dreaming of

You and me baby we've got

A slammin' kind of love

The way that you're moving to the beat

It's impossible to not look at you, baby

I wanna stay closer to your heat

There's a fire burning inside my body girl

And all that I've got

I wanna give you

Over and over and over again

Baby I am down

With the games you wanna play

You have got me going now

In every single way

I know you can give me

The things I'm dreaming of

You and me baby we've got

A slammin' kind of love

I will give you the world give you the world

Give you the world, give you all my loving

Baby, baby let me give my love to you

I will give you the world give you the world

Give you the world, give you all my loving
