

# A Thorn For Every Heart, February

My home shrinking in the distance. (it's just my time to leave. it's not the time to cry.)  
I'm leaving but I'll return (did you think before we got it)  
Every time you breathe I hope you think of me.  
Those are the words you told me, told me.  
No question. Why I have to leave. (I think it's time to leave)  
One Reason, only for a dream. (I think of what I'll see)  
This moment feels like destiny. (I want to tell you why.)  
Won't you tell me, tell me.  
You want me to always remember.  
I promise I always will.  
You'll watch and you'll wait for my return.  
I promise I'm coming home.  
For all the lonely nights when you're not feeling alive.  
Look towards a midnight sky and wait for sunrise.  
This is the life we live the only one that we know.  
It seems to never end, never end.  
You want me to always remember.  
I promise I always will.  
You'll watch and you'll wait for my return.  
I promise I'm coming home.  
You know that I can't resist this. (It's not the time to grieve. It's not the last good bye.)  
I'm destined for roads unknown. (did you think before we go it)  
Every time you breathe I hope you think of me.  
Those are the words you told me, told me.  
So when will it end?  
When will it end?  
When will it end?  
When will it end?  
Sometimes I don't know where I am, where I'll be.  
Feels like I'm so far, far away, far away from home.
