

A Wilhelm Scream, Fun Time

All day long, I sing this song
And its driving me insane
All day long, I sing this song
Then I stop and sing it again
I dont know how it begins
I just know it never ends
I feel like singing this song
When I'm singing with my friends
When we're chasing every bottle in the room
Nothing to be embarassed of
Gonna shout till my voice cuts out
I turn let me in
Why ride of the tracks
I can't relax
I can't hold down
All Day Long, I sing this song
And its driving me insane
All Day Long, I sing this song
Then I stop and sing it again
Nothing to be embarassed of
Gonna shout till my voice cuts out
I turn let me in
Why ride of the tracks
I can't relax
I can't hold down
I dont know how it begins
I just know it never ends
I feel like singing this song
When I'm drinking with my friends
When we're chasing every bottle in the room
Nothing to be embarassed of
Gonna shout till my voice cuts out
Nothing to be embarassed of
I turn let me in
Why ride off the tracks
I can't relax
I can't hold down
When we're chasing every bottle in the room
When we're chasing every bottle in the room
Chasing every bottle in the room
All Day Long
All Day Long
