

A1, Be The First To Believe

Just one on one
That's the way we do it baby
Just one on one
That's the way we do it
Just one on one
That's the way we do it baby
Just one on one
That's the way we do it

Baby
I can't always say what's on my mind, yeah
New sensations
Got me
Breaking out the love I feel inside, yeah
I'll take you to a wonderland

You hit me right between the eyes
I shoulda listen to ma mamma done told me
You sent me soaring to the skies
Ain't gonna listen to ma mamma done told me

Girl, this paradise is ours
The planet moon and stars
Believe in me baby
You've got to believe
Believe in me baby
Be the first to believe

Baby
Elevate our love into the skies, yeah
Cool vibrations
Rock me
Fly me up to heaven in your eyes, yeah
It's magic when you hypnotise

You hit me right between the eyes
I shoulda listen to ma mamma done told me
You sent me soaring to the skies
Ain't gonna listen to my mamma done told me

Girl, this paradise is ours
The planet moon and stars
Believe in me baby
Yeah you gotta believe
Believe in me baby
Be the first to believe
Believe in me baby
You got to believe
Believe in me baby
Said be the first to believe
