

A1, Living The Dream

Mark: Oh oh...oh yeah yeah..
Where have you been all of my life?
Where have you come from?
Is this your first time too?
It's like I've known you
(some other life time)In some other lifetime
We're part of a great plan
Like two stars that shine

Chris: I stood here watching
While it only ever happen to friends
Now I don't have to pretend

Ben: Oooh...
I can't believe we're living the dream
We're diggin' that scene
We finally made it through the fire
Somethin' 'bout you blows me away
Like night over day
We're kissing the loneliness goodbye yeah

True love true love
Could this be
True love true love (baby)

Mark: I've been waiting all of my life
Anticipating with every dream every night
