

# A1, Power Of Desire

[Chris:] Fallin' for a fantasy  
I threw away my destiny  
I don't know where to stop  
Healin' broken hearts

I'll think about it endlessly  
my eyes too dry to cry  
for I've forced  
All this time  
All this time  
With you, ooh...

[Chris:] I was tempted by the power of desire  
I surrendered to the calling of the fire  
There's nothing I could ever say  
to change the things I did  
But I promise you  
I'll make it up to you

[Mark:] Take me back to yesterday  
When all our dreams were swept away  
I'd never crossed that line  
I'd change the course of time

I could never live this way  
If only you'd forgive  
We'll start again  
With all my heart  
With all my love for you  
All my love for you

[Mark & Chris: (chorus)]

[break]

[Mark & Chris:] No surrender no return  
If only you believe that...

[Chris & Mark: (chorus)]
