

# A7S, Jumpstart

Bum-bum-bum-bum

You wouldn't be here if your heart was right  
You got your reasons why and I got mine  
I knew the moment you walked through the door  
I knew exactly what I came here for

Jump-start my heart, make it bump, pump the throttle  
Just a shot in the dark, take a sip, take the bottle  
If I told you today I'll be gone by tomorrow  
Would you jump-start my heart, make it bump?  
Bum-bum-bum-bum

Jump-start my heart, make it bump, pump the throttle  
Just a shot in the dark, take a sip, take the bottle  
If I told you today I'll be gone by tomorrow  
Would you jump-start my heart, make it bump?  
Bum-bum-bum-bum

I wouldn't be here if my head was right, yeah  
You kissin' me, but you can't say my name, yeah  
Oh, I can promise that I'm here to stay  
But trust me, you'd be better off that way

Jump-start my heart, make it bump, pump the throttle  
Just a shot in the dark, take a sip, take the bottle  
If I told you today I'll be gone by tomorrow  
Would you jump-start my heart, make it bump?  
Bum-bum-bum-bum

Jump-start my heart, make it bump, pump the throttle  
Just a shot in the dark, take a sip, take the bottle  
If I told you today I'll be gone by tomorrow  
Would you jump-start my heart, make it bump?  
Bum-bum-bum-bum

You're my secret escape  
I feel it, do you feel the same?  
I'm needin' a spark in my veins, my veins, my veins, yeah

Jump-start my heart, make it bump, pump the throttle  
Just a shot in the dark, take a sip, take the bottle  
If I told you today I'll be gone by tomorrow  
Would you jump-start my heart, make it bump?  
Bum-bum-bum-bum

Jump-start my heart, make it bump, pump the throttle  
Just a shot in the dark, take a sip, take the bottle  
If I told you today I'll be gone by tomorrow  
Would you jump-start my heart, make it bump?  
Bum-bum-bum-bum
