

# Aaliyah, It's Over Now

What is this numbers in your pocket I remember when you used to throw those things away. Why do you wanna keep in touch now who gave you a reason to act so shady...

Baby you know you can call me anytime anything you need it, I will give it to you, that's how much I care for you.

You wanna act now never call me back now, turning off your cellphone, girl you know that ain't cool.. I don't understand

Chorus:

Baby It's a shame we gotta  
go through this we can't even talk  
girl we don't even kiss, I never would  
have thought we be breaking up like this  
But it's over now, it's over now.....

You think that I don't know what's going on cause your always home alone and I'm always out of town. You need to stop trying to play me cause you can't even fake me
