

# Aaliyah, Messed Up

Digital keybeats [4x]

You don't say (don't say)  
That I'm pretty  
All these simple things (all these simple things)  
Adding (adding)  
Up to  
Big ones  
There is where you messed up

Ohoawoho

Movies (movies)  
Flowers  
Hours (hours)  
Not knowing  
Where you are  
Or who you're with  
There is where you messed up

CHORUS [2x]

You keep on acting like  
I really need a brother  
Man I don't need a brother  
Better get your act together  
Can't keep on holding on  
Waiting for you forever  
And baby there is where you messed up

I don't need your  
Money  
No dinners  
I got jewellery  
To win or (win or)  
To lose  
And baby there is where you messed up

Ohoawoho

You take me (take me)  
For granted (granted)  
And expect me to  
Stay right here  
And wait on you  
While you have your fun  
There is where you messed up

[CHORUS]

( You keep on acting like )  
You keep on acting like  
I really need a brother  
( I really need someone )  
Man I don't need a brother  
Better get your act together  
( Keep on holding on )  
Can't keep on holding on  
Waiting for you forever  
And baby there is where you messed up

You keep on acting like  
I really need a brother (you)  
Man I don't need a brother  
Better get your act together (you.....)  
Can't keep on holding on

Waiting for you (yeah)  
And baby there is where you messed up

I'm heading straight for the gate  
It's time to cut my dead weight  
Yeah, you  
And baby that is where you messed up

I heard it all a thousand times  
Try to mess with my mind  
Yeah, you  
And baby that is where you messed up

She don't need you dog  
That's where you went wrong (uh-uh)  
She don't need you dog  
See there is why you messed up  
She don't need you dog  
That's where you went wrong, wrong, wrong  
I don't need you dog  
And there is where you messed up

[CHORUS]  
( You keep on acting like )  
You keep on acting like  
I really need a brother  
( I really need someone )  
Man I don't need a brother  
Better get your act together  
( Keep on holding on..... )  
Can't keep on holding on  
Waiting for you forever  
And baby there is where you messed up

( You keep on acting like )  
You keep on acting like  
I really need a brother  
( I really need someone )  
Man I don't need a brother  
Better get your act together  
( And I'm holding on... )  
Can't keep on holding on  
Waiting for you forever (whoa....)  
And baby there is where you messed up
