

Aaliyah, Never Comin Back

How y'all doin out there tonight?
Yes, i love you too
I just wanna talk to the ladies tonight
For all you ladies that done had your heart broken
I done had my heart broken too, so i can relate ya know
So if it's OK with you, i'm just gonna break it down for the fellas,
That don't know that they can break a womans heart
Alright? So check it out! (uh)

I gave you all of my love, all to you
And you don't appreciate the things that i do
I gave you all of my time, cause you blew my mind
I let you do me wrong, cause love had me so blind

Chorus:
I once was young, but i'm all grown up and,
I'm dumb by love and i used to love you
You tried to play me and then persuede me
I still remember the pain you gave me
I can't believe you, i gotta leave you
I'm packin up and you can hit the road jack
You can take these things that you gave me
Cause i'm never comin back

All i wanted, was a little love
But you chose to hang out all night with the boys
So what are you saying?
Am i wasting time?
Trying to claim something that's not even mine

Chorus

Why you hurt me? (why you hurt me?)
Why you hurting me so bad?
Gave you my time, you played with my mind
Why you wanna make me sad? (2x)

Thank you
Thank you, God bless
Hey yo, but before i get out of here
I want all my ladies on the left side,
I want y'all to sing for me a little bit, alright?
Check it out!

Sing! (hey-hey-.....)
Yeah, i like that right?

Hey yo, but now i'm walk on over here to this right side
I want see it if they can get it as loud as the left side, alright?
