

# Aaliyah, Never Comin' Back

How y'all doin' out there tonight? Yes, I love you too  
I just wanna talk to the ladies tonight  
For all you ladies that done had your heart broken  
I done had my heart broken too, so I can relate, ya know  
So if it's ok wit you, I'm just gonna break it down for the fellas  
That don't know that they can't break a woman's heart  
Alright? So check it out  
I gave you all of my love, all to you  
And you don't appreciate the things that I do  
I gave you all of my time 'cause you blew my mind  
I let you do me wrong, 'cause love had me so blind  
I once was, I once was young, but I'm all grown up 'n'  
I know 'bout lovin', I used to love you  
You tried to play me and then persuade me  
I still remember the pain you gave me  
I can't believe you, I gotta leave you  
I'm packin up 'n' you can hit the road jack  
You can take these things that you gave me  
'Cause I'm never comin' back  
All I wanted was a little love  
But you chose to hang out all night with the boys  
So what are you sayin'? Am I wastin' my time? Quit wasting my time  
Tryin' to claim somethin' that's not even mine

I once was, I once was young, but I'm all grown up 'n'  
I know 'bout lovin', I used to love you  
You tried to play me and then persuade me  
I still remember the pain you gave me  
I can't believe you, I gotta leave you  
I'm packin up 'n' you can hit the road jack  
You can take these things that you gave me  
'Cause I'm never comin' back  
Why you hurt me? Why you hurt me?  
Why you hurtin' me so bad?  
Gave you my time, played with my mind  
Why you wanna make me sad?  
Why you hurt me? Why you hurt me?  
Why you hurtin' me so bad?  
Gave you my time, played with my mind  
Why you wanna make me sad?  
Hey, hey, hey  
Hey, hey, hey  
Hey, hey, hey
