

Aaliyah, (Outro) Came To Give Love

Aaliyah

One In A Million

(Outro) Came To Give Love

[Timbaland]

Baby girl you got the whole world screaming

Giving it up for you

You got the party people fiening

Bump it to the roof

From the left side to the right side

And straight to the back

Ain't nothing going on here but a dirty money track

Got the party people waving their hands and doing the rodeo

Aaliyah, why don't you kick it, kick the flow

[Aaliyah]

I came to spread my love

To the fans across the world

Reach out to you

Touch the hearts of boys and girls

Repeat (3x)

Came to spread my love (love, love, love, w/ you)

Do do do
