

# Aaliyah, Poison (ft. the Weeknd)

Can I explain myself to you?  
Questions been lurking through my mind  
Is it the lover for the time?  
I give in, my heart, my joy  
My soul to you  
If it is real, I'm sure I can't see  
Gotta start lookin' out for me  
And in my, my heart won't take no more  
I know you say that I don't care  
Some time my way and life isn't fair  
I feel it sad for me, you take a chance  
So you are givin' me no choice  
I think I must exercise my voice and say
