

# Aaliyah, Young Nation

[Chorus] Young nation under a groove  
Keeping it smooth with a jazz attitude  
Young nation under a groove, Keeping it smooth

As I'm strolling down the block with really nothing on my mind  
Laid back and I'm just thinking of old times, Pop in a Isley Brothers tape and I'm maxing  
Peeping through my side-view checking out my waxing  
Hey! I gotta say today's a good day for me to roll around the way  
Ho! Time to hit the six-four and pump the bass and it's just to let them know  
Aaliyah's in the house so I think you'd better check my flow [Hello! Hello!]  
I'm the young nation and young nation is me so here we go from the one the two and to the three

[Chorus]

I check my celular because my beepers beeping, Booty calls are creeping, Fellas on the corner be  
Time to set it off and so I pick up my girls and hit the streets just because...  
Jazz-aray, It's Saturday and the sun is blazing, it's so amazing  
And if you are a YNP and you're rolling with the BGP: Congratulations  
I know I got the skills to make you trip, R Kelly's flipping tracks so grab a hold and don't just sit  
The negative young nation that steps to me gets dealt with so raise your hands if you're sure: Are y

[Chorus]

Well, Six o' clock rolls around and now I'm stepping; Stop to get some dressing to the mall I'm flexin  
You know to get them funky croaka-sacks; Tonight I'm hitting the town, Ain't holding nothing back  
Hey! Well alright tonight is the night; Well I'm in the mood for celebration or even some jazzy conve  
Hey! It's Okay, here I come so make way; I'm the young nation and young nation is me  
So here we go from the one the two and to the three....

[Chorus twice]

Hey! It's a great day to roll around the way, Young Nation...
