

Aardvark, Once Upon A Hill

Sitting alone on top of a hill
pater? describe the way that I feel
Feel so relaxed I feel so teased
Watching the sun bleed on the trees
Used I've followed the hill
Younger can free but I till
Manours of place look at my face
I Wish I was much younger still

time passes by I age when age ill
longing to see the hill I left ill
lofter sadness blender enjoy
things I remember when i was a boy
nevertheless I really contend
all of on tire the money I spend
don't want your pity I don't want your this
either go time in my sixty-three years
Used I ve followed the hill
Younger can free but i till
Manours of place look at my face
I Wish I was much younger still

sgetting away that I've got to glome
move right around to where I don't know
tomorrow i be many miles away
remember the hill where we sat yesterday
Used I've followed the hill
Younger can free but I till
Manours of place look at my face
I Wish I was much younger still
I Wish I was much younger still
I Wish I was much younger still
