

Aaron Carter feat. Baha Men, Summertime

Grab your stuff and let's all go outside
Bang your head to this tune in your ride
Leavin' all your cares right behind
For the summertime
Everybody starts to feel the vibe
Drinks are in cooler chilled on ice
Lay back and unwind 'cause nothing else matters
For the summertime
I've been working real hard for just one reason
I've been waiting all year for just one season
The season that reminds me of palm trees
The smell, the ocean breeze and the sense of bein' free
Barbecues and pool parties what I call fun
Hangin' with the honeys and enjoyin' the sun
24 hours just to clean the Benz
So you can cruise down
The Boulevard with your friends
Sights on the beach have got your mind blowin'
Drinks on the chill, the money is flowin'
Right here is where you belong
So if you're down with me, get up and come along
So grab your stuff and let's all go outside
Bang your head to this tune in your ride
Leavin' all your cares right behind
For the summertime
Everybody starts to feel the vibe
Drinks are in the cooler chilled on ice
Lay back and unwind 'cause nothing else matters
For the summertime
Had to take a sip of Ma's Homemade
Freshly squeezed lemonade
Check out the honeys in my brand new shades
As they lay on the sand, toppin' up on the tans
Take in the scenery the mood is fine
Nobody's wearin' their watches, nobody's checkin' the time
There is only one thing that's on everybody's mind
That's the summer the summer, the summertime
Sights on the beach have got your mind blowin'
Drinks on the chill, the money is flowin'
Right here is where you belong
So if you're down with me, get up and come along
So grab your stuff and let's all go outside
Bang your head to this tune in your ride
Leavin' all your cares right behind
For the summertime
Everybody starts to feel the vibe
Drinks are in the cooler chilled on ice
Lay back and unwind 'cause nothing else matters
For the summertime
Right now we're going to bring it to you one time
[Unverified], touring your ride
Leavin' all your cares right behind
Everybody is feelin' the vibe
Of the summer, of the summer
Grab your bags and let's go back inside
Bang your head to this tune in your ride
But didn't we have a good time?
Destinations home, that's where we're going
The drinks are gone and the cash stopped flowin'
Say goodnight to all of your friends
'Cause when tomorrow comes, we're gonna do it all again
So grab your stuff and let's all go outside
Bang your head to this tune in your ride
Leavin' all your cares right behind

For the summertime
Everybody starts to feel the vibe
Drinks are in the cooler chilled on ice
Lay back and unwind 'cause nothing else matters
For the summertime
So grab your stuff and let's all go outside
Bang your head to this tune in your ride
Leavin' all your cares right behind
For the summertime
Everybody starts to feel the vibe
Drinks are in the cooler chilled on ice
Lay back and unwind 'cause nothing else matters
For the summertime
