

# Aaron Carter, Jump Jump

[Verse 1]

I got a friend and I may just get him  
Ready and a push with a mic in my right hand  
Move you, groove you  
Get something to dance to, if you want to  
Step outside, come along, let's ride  
Don't listen to the talk, take a walk on the wild side  
Thinkin', talkin', clockin', everybody's shockin', and rockin'

[Bridge]

Cause you know and I know  
that we rule the dance floor  
If the DJ's too slow-slow  
I guess that it's a no-no, no-no  
If I say...

[Chorus]

Jump jump to say how high  
Jump jump to the left to the right  
Jump jump and turn around  
Jump jump and touch the ground  
[x2]

[Verse 2]

Ain't gonna mix with the latest craze  
Everybody's thinking it's just a phase  
But they don't about going out, showing out, and hanging out  
And don't know the rules about...

[Bridge]

[Chorus]

[Rap:]

Say boomity boom boom, boombastick  
Fun fun fun, funtastick  
Swing the nation  
Cause a sensation  
Or good vibration  
??  
Somebody, anybody, everybody  
SCREAM!

Yo, Aaron, where you at, man?

[Chorus x2, fade out]
