Give me a half a chance I'll make you understand That what I've got to give Is so much more than this Than you'll ever know

I don't say what's on my mind But you'll find this out in time Don't always open up I'm not quick to trust And let someone inside

I've got a lot to learn Never felt this way before But I've got to say what's right for me

You should know that I can
Be more than you will ever need
I'll show you something new to see
Yeah
I'll be the one you can believe
I'll be one better
Yeah
I'll be one better

You've seen some falling stars You've felt a broken heart Time is all it takes Learn from my mistakes Know exactly what you are

But I can't hang on the side Had enough of all these fights Got to get to you Got to get this through 'Till you realize

I've got a lot to learn Never felt this way before But I got to say what's right for me

You should know that I can
Be more than you will ever need
I'll show you something new to see
Yeah
I'll be the one you can believe
I'll be one better
Yeah

I won't back down No never, no never You don't have to be alone

You should know that I can Be more than you will ever need I'll show you something new to see I'll be the one you can believe I'll be one better Oh.... I'll be one better Oh... I'll be one better Oh
