

Aaron Carter, Outta Town

I'm still young, getting older by the minute
Reaching out the millions, believe it
I work hard, I work fast
I'm gonna take it the top and I'm gonna laugh
I know what I've got so stop
Knocking at my wagon, cos I'm blowing up spots
Been 'round the world more times than phillius frog
And wherever I go, I get mad love

To the east to the west
To the north and the south
They know AC and they know I get down
To the east to the west
To the north and the south
Keep my feet on the ground and they know that

Ya don't see me braggin'
But then you wanna come and take a knock at my wagon
Giddy up, giddy up
And hold up, take a look around
Then roll out, roll it outta town
Cos ya don't see me braggin'
But then you wanna come and take a knock at my wagon
Giddy up, giddy up
And hold up, take a look around
Then roll out, roll it outta town

I'm not the type of guy to show off for attention
About the fancy cars and jewels
But let me mention
Girls can't get enough of me
Record company lovin' me
Jealousy from all of the guys?
Hmmm, probably
But that won't get in my way
It ain't stopping me
Always reach for the top, that's how it's gotta be
Don't worry 'bout the people that, hmm, take a pop of me
So on with the show, hit the road here we go

To the east to the west
To the north and the south
They know AC and they know I get down
To the east to the west
To the north and the south
Keep my feet on the ground and they know that

Ya don't see me braggin'
But then you wanna come and take a knock at my wagon
Giddy up, giddy up
And hold up, take a look around
Then roll out, roll it outta town
Cos ya don't see me braggin'
But then you wanna come and take a knock at my wagon
Giddy up, giddy up
And hold up, take a look around
Then roll out, roll it outta town

Now wait, people wanna know about the way I live
And do my biz
This bright young kid works hard just to make these hits
But never the less, they try to attack me
Just to make me react
But Spectra's got my back

So come on cos we're strong
My label's got the ball rollin', they come correct
From hip hop to pop, go look and check

To the east to the west
To the north and the south
They know AC and they know I get down
To the east to the west
To the north and the south
Keep my feet on the ground and they know that

Ya don't see me braggin'
But then you wanna come and take a knock at my wagon
Giddy up, giddy up
And hold up, take a look around
Then roll out, roll it outta town
Cos ya don't see me braggin'
But then you wanna come and take a knock at my wagon
Giddy up, giddy up
And hold up, take a look around
Then roll out, roll it outta town
