

# Aaron Carter, She Just Wanna Ride (feat. 3D Friends)

She just wanna ride  
She just live her f... damn life  
Yeah, she wanna feel alright  
And she looking fine  
And she got a man but not tonight night night  
She just wanna ride ride ride

Shorty looking bad, I can't stand it  
But she says she'd been feeling kinda low  
Baby come with me, I can handle it  
I'll take you anywhere you want to go

She want the new dress, she can have it  
She got a new whip, take a new drip  
Now she feeling good, she got a new drip  
Now she gotta have it like a bad habit

She just wanna ride  
She just live her f... damn life  
Yeah, she wanna feel alright  
And she looking fine  
And she got a man but not tonight night night  
She just wanna ride ride ride

Oh, is she looking at me with those eyes?  
She can give me something that I like  
'Cause I got something money cannot buy  
But I got the bunny so we can try  
How can I say no?  
All of her friends know  
That we keep it on the down low  
'Cause my baby said so

She want the new dress, she can have it  
She got a new whip, take a new drip  
Now she feeling good, she got a new drip  
Now she gotta have it like a bad habit

And now she want the ring on it  
She be thanking God when she ride on it  
Yeah she ain't never had ..  
Now coming with that magic  
So that you can have this

She just wanna ride ride ride ride ride  
She just wanna ride ride ride ride ride  
Ride, ride

She just wanna ride  
She just live her f... damn life  
Yeah, she wanna feel alright  
And she looking fine  
And she got a man but not tonight night night  
She just wanna ride ride ride
