Na na na na

Well Bobby had everything  
He thought he'd ever need  
A fancy new car  
And a master's degree  
Still he's feelin lost  
With no purpose in life  
And nothing seems to fill the empty space inside  
He sees an ad on late night TV  
It says "Change your kids' life with just a couple hours a week"  
Normally he'd keep clicking  
Just surfin around  
But something makes him stop and write that number down  
Oh it's amazing  
How love changes everything..

Na na na na  
Na na na na  
Na na na na na na na  
Love changes everything  
Na na na na  
Na na na na  
Na na na na na na na

Well Sarah does her best just to keep the faith  
But ever since he left  
It's hard to find the strength  
She wipes the tear from her eye  
As she puts the groceries on the shelf  
Cuz after dinner, baths and homework  
There's no time for herself  
Two jobs, two kids  
Too tired to fight  
No money, no romance  
No end in sight  
Just when she thinks she can't go on  
She sees a painting on the fridge that says  
"I Love You Mom"  
Oh it's amazing  
How love changes everything

Na na na na  
Na na na na  
Na na na na na na na  
Love changes everything  
Na na na na  
Na na na na  
Na na na na na na na

Well I know we've got problems(I know we got problems)  
We gotta figure out baby(We gotta figure out baby)  
And I know we haven't been talkin  
Or touchin much lately  
But I know this love(I know this love)  
Has got alotta life left in it(Has got alotta life left in it)  
So let me hold you close  
I don't wanna let you go  
Baby let me know we won't wait another minute

It can change the world  
It can change your mind  
It can change your tire in the middle of the night  
It can change your name  
It can change your heart  
It can change your tune  
It can change your life
