

# Aaron Neville, Beautiful Night

(Wilder/Prestopino)

I thought it would rain forever

Caught in the flood

Reaching for some high ground

Just before I went down

It's hard for me to remember

Just how I got through

Now I'm lying on the cool sand

Happy here where I am

I look up

The setting sun is bathing the world with a healing light

Little Darlin', it's gonna be a beautiful night

The rolling of distant thunder

Trouble ahead

Now don't you be afraid now

We'll get through it somehow

Just look up

The setting sun is bathing the world with a healing light

Little Darlin', it's gonna be a beautiful night

Some like burning all night long

Some like howling at the moon

Some just like to sing along

Cause we get lonely, lonely, we get so lonely

The stars in the sky above me

Can make me forget everything but you babe, everything but you

I look up

See your shining smile

And I know it'll be all right

Little Darlin', it's gonna be a beautiful night

Just look up,

The setting sun is bathing the world with a healing light

Little Darlin', it's gonna be a beautiful night

Let it rain, let it rain, let it rain, let it rain. let it rain

It's gonna be, gonna be, gonna be, gonna be, gonna be, gonna be
