

Aaron Neville, Try (A Little Harder)

Sometimes we need to start again
When this crazy life of ours is slow
And I guess that's why fools like us rush in
Where wise men never never go
In time we may find out why
These walls we build seem so high
But I've gotta believe that we can break through
And I gotta believe this love is good for me and you
And all we have to do to make it last, oh yeah
Is try a little harder, try a little harder
All we have to do to make it groove is try a little harder, try a little harder
You're the wildfire in my life
Always burning out of my control
Sometimes you cut me like a knife
Deep into my heart
Way down to my soul
But somehow we survive
And we get another chance to make it right
But I gotta believe that we know which path to choose
And I gotta believe that somehow we will see it through
All we have to do to make it last
Is try a little harder, try a little harder
All we have to do to make it groove
Is try a little harder, try a little harder
Each precious moment that we share
Is locked up in my heart forever more
I just need to know that you really care
When you touch my hand
Swear I'm gonna fall apart
All we have to do to make it last
Is try a little harder, try a little harder
All we have to do to make it groove
Is try a little harder, try a little harder
All we have to do to make it last
Is try a little harder, try a little harder
