

Aaron Pritchett, Gone

I guess I didn't see
How much she meant to me
I let opportunity pass me by

Been sitting firmly on the fence
When I came to my sense
And I let her know just how I feel inside
Well I guess I took too long

Cause she's gone, gone
Love has a way of moving on

Every day and every night
I'm living the words I write
And I've been singing a lot of heartbreak songs

She couldn't stand the wait
Now it's too little too late
My hindsight shows me I was wrong
Well you don't know what you got

Til it's gone, gone
Love has a way of moving on
Yeah she's gone, gone
Love has a way of moving on

Well, you don't know what you've got
Yeah, you don't know what you've got

Til it's gone, gone
Love has a way of moving on
Yeah, she's gone, gone
Love has a way of moving on
Oh, my baby's gone
