

Aaron Pritchett, Something 'Bout A Train

We're all just sittin' around pickin' away
All the boys in the band are itchin' to play
So we're gonna write a song we kinda need a name
So let's all this one ah
Something 'bout a train

I wanna hear drums layin' down the beat
Ah man damn that's sweet

I said something 'bout a train

Well now there we go now don't that sound good
well ah if you can't play I bet you wish you could
These guys wanna go around again
So come on boys lets play something 'bout a train

Something 'bout a train
