

# Aaron Shust, Take Over

I tried to run, I tried to fight You  
But I'm done, I'm giving up  
I've learned to trust You, Your love  
Now I'm singing  
Can You take over, take over  
Can You take over me  
I've been here over and over again  
Here on my knees  
I'm only closer and closer  
To where I wanna be  
When You take over, take over  
Can You take over me  
I tried before to let go  
And I just hold on more, amazing Lord  
I need the strength to let go and be Yours  
So now I'm singing  
Can You take over, take over  
Can You take over me  
I've been here over and over again  
Here on my knees  
I'm only closer and closer  
To where I wanna be  
When You take over, take over  
Can You take over me

I surrender all I have  
And I surrender all I am  
As I remember what  
You've done to set me free  
I just wanna sing  
Can You take over, take over  
Can You take over me  
I've been here over and over again  
Here on my knees  
I'm only closer and closer  
To where I wanna be  
When You take over, take over  
Can You take over me  
Can You take over, take over  
Can You take over me  
I've been here over and over again  
Here on my knees  
I'm only closer and closer  
To where I wanna be  
When You take over, take over  
Can You take over me  
Take over me  
Take over me
