

# Aaron Tippin, For You I Will

It's not my style to dance away the night  
Or go for a walk beneath the full moonlight  
And I don't wish on falling stars  
Or easily give away my heart

Chorus

But girl, for you I will  
Can't hide this love that I feel  
Never been the kind of guy  
To fall in head over heels  
But girl, for you I will

It's not like me at all to talk about  
The likelihood of finally settling down  
Couldn't speak the words "I love you"  
Or find the courage to say "I do"

(Repeat Chorus)

I've never been the kind of guy  
To fall in head over heels  
But girl, for you I will
