

# Aaron Tippin, You've Always Got Me

You say you finally found your Mr. Right  
He's got you flying like a dime store kite  
Well I'll be waiting here on the ground  
Look me up if he lets you down

## CHORUS

You've always got me to fall back on  
A rabbit in your hat, an ace in the hole  
It might help to know you've got a Plan B  
Whatever else happens you've always got me

I gave you my heart and my heart is true  
I won't take it back no matter whay you do  
You're gonna have to carry it permanently  
No matter who else loves you,  
you've always got me

## (REPEAT CHORUS)

Another iron in the fire,  
another horse in the barn  
Another map to your treasure  
An extra safety net -- another hedge on your bet  
A little bit for good measure

## (REPEAT CHORUS)

It might help you to know you've got a Plan B  
Whatever else happens you've always got me
