

# Aaron, War Flag

Go to war little helmet  
make them proud  
say goodbye little helmet  
say it loud  
a crown for clowns  
don't be shy little helmet  
just a war  
catch a bullet little helmet  
you'll be a star  
muscles and lies flag all around  
don't know why I'm fallin down  
muscles and lies flag all around  
don't know why I'm fallin down  
mama had a little helmet  
was her pride  
lost it in this world wide market  
scream it loud  
a crown for clowns  
a crowd in clouds
