

Aazar, Diva (feat. Swae Lee & Tove Lo)

a late night creeping
I found me a young soul stealer
keep one on my arm
a queen of the kingdom
I wanna put her crown on
spending my cash, she like, right on!
she shake like a pom pom
take one and we take off

push up if I need to
looking for a carefree diva
drowning the butterflies inside your stomach
every time that you drink up

diva /3x

shaking my goods, you anjoy

feeling my skills

licking your finger

drowning the butterflies inside your stomach
every time that you drink up
