

Abaddon Incarnate, Vile Pleasures Of Transfiguration

Mortals die for search of knowledge
Ancient wisdom spell's of changing

Call on astaroth send to us messengers
Minions of unholyneſs join us with the nothingneſs

Behold Orgy Of Beſtial frenzy

Destroy my mortal form with forbidden words I call you forth

Transform ſervants to eſſence of Chaos
We all exiſt as one with new found pleaſures
Fleſh crawls taught grows mind goes to world beyond
Ecſtaſy transcend to death ſkin part ſhared It never ends
