

# Abandon, Be Alive In Me

Here I am without a place to start  
Lost inside the desert of my heart  
All of my mistakes are adding up  
Take them all away I've had enough  
Heal my jaded soul  
I want to feel the weight letting go  
Be alive in me  
I know, I'm Yours forever  
Be alive in me  
I know, I'm Yours  
So take me and shake me  
I know I'm needing You to  
Be alive in me, I'm Yours  
I need You here so we can talk it out  
I'm giving You the things that pull me down  
Jesus, can You teach me how to stand  
And if I fall I want to fall into Your hands  
Excite me, ignite me, relight this fire
