

# Abandoned Pools, Seed

"Hey, you know  
I really liked your show  
and hey, I know  
a place where we can go  
and you don't have to do this  
if its all you want is love  
but hey I know I really wanna go, go, go

How you wanna do is baby?  
How you wanna go?  
Fill up my emptiness it's you I wanna know  
He's just a boy with a nasty seed to sew

Hey, you know  
I really liked your show  
and hey, I know  
a place where we can go  
and you don't have to do this  
if its all you want is love  
but hey I know I really wanna go, go, go

There's no more grace to fall from  
There's no where left to go but down

Hey, you know  
I really liked your show  
and hey, I know  
a place where we can go, go, go"
