Shake You Down

Girl, i've been watching you
from so far across the floor now baby
that's nothing new
i've watched you so many times before now baby
i see that look in your eyes
and what it's telling me
and you know ooh girl that i'm not shy
i'm glad you picked up on my telepathy now baby

you read my mind
girl i wanna shake you down
i could give you all the loving you need
come on let me take you down
we'll go all the way to heaven

ooooh, i've been missing you
and the way you make me feel inside
what can i do
i can tell you got your pride jow baby
come to me well well
let me ease your mind oh baby
i got the rememdy, yes i do
now give me just a little time

you read my mind
girl i wanna shake you down
i could give you all the loving you need
come on let me take you down
we'll go all the way to heaven

girl, i've been missing you
and you know it's funny
every time i get to feeling this way
i wish i had you near me i
i wanna reach out and touch you

i can't stop thinking of the things we do
the way you call me baby when i'm holding you
i shake and i shiver when i know you're near
then you whisper in my ear, oh baby well well

you read my mid, you know you did
girl i wanna shake you down
i could give you all the loving you need
come on let me take you down
we'll go all the way to heaven
i love you jenn and i always will
