

Abby Dobson, Whisper Nothing

Close your eyes
Turn out the light
Cant we just pretend tonight?
That weve got nothing
That weve got nothing
That weve got nothing
To fear

Hold me like a baby
Rock me in a cradle
And whisper, nothing
Whisper, nothing
Sweet whisper, nothing
In my ear

(ohhh)
Theres a world inside my head
Oh, let me hide out in your bed
And think of, nothing
And think of, nothing
Think of, nothing
But here
