

# Abdel Wright, Ruffest Times

Gold spoon inna mouth, me never get none  
More time nothing to eat, not even bread crumb  
Drink the water from my eye when it a run down  
Quench my emotions  
Confuse, so me tek up all a big gun  
Robbing people for needs that is not fun  
Babylon jailhouse, think me life done  
Five years detention  
Jah will never give you more than you can bear  
It's so obvious and it's crystal clear now  
Jah will never leave I lonely  
He'll take me through the ruffest times  
I will trust in the almighty, He will help me to get by  
Though the system is all messed up  
My meditation is very high, Jah will never leave I lonely  
He'll take me through the ruffest times  
Look a work all now me no get none  
Me girl a breed and time it a come down  
No money, no cash, not a loan sum  
Goose over cook and burn  
Hypocrites, backbiters, them all come  
Gun shot, turf war, mek me all run  
Loud noise, siren, dirty cops come  
Things take a different turn  
Jah will never give you more than you can bear  
It's so obvious and it's crystal clear now  
Jah will never leave I lonely  
He'll take me through the ruffest times  
I will trust in the almighty, He will help me to get by  
Though the system is all messed up  
My meditation is very high, Jah will never leave I lonely  
He'll take me through the ruffest times
