

Abducted, Waste Of Time

all you ever do is waste my time
well i don't wanna hear you f*cking wine
you must think i give a sh*t about you
why don't you come on and see if i do
but you can't understand why
no i don't like you so don't waste my time
i'm sick of your stories i'm sick of your sh*t
i'm sick of your face so shut up and quit
i always hear you saying how you're so punk
i just wanna hear you shut the f*ck up
you always gotta act like a casualty
but you aint gettin my sympathy
