

Abdul Paula, My Love Is For Real

Abdul Paula
Head Over Hills
My Love Is For Real
(feat. Ofra Haza) I made mistakes when I played with your mind
Gave you excuses with each story line
If you ask me how I feel
My love is for real

Watching you wondering what I feel inside
Deep in my soul I've got nothing to hide
If you ask me how I feel
My love is for real

So baby please don't worry
I wanna make it better
I wanna be your only love

This time I'll understand you
I'll never leave your side
This time it's got to be for you

Let's put an end to these long lonely nights
Things that were once wrong now turned out all right
If you ask me how I feel
My love is for real
If you ask me how I feel
My love is for real

You told me, you loved me
You said that
I need you, you want me
I told you

So baby I won't tease you
I'm gonna make it better
I wanna be your only love
This time I'll understand you
I'll never leave your side
This time it's got to be for you

If you ask me how I feel
My love is for real
