

# Abe Vigoda, The Reaper

Hazy air afternoon sleeper, I found you  
Meet the reaper  
Golden haired sister surprise, sweet sunrise  
Dear free-tune  
Wake up the sun, see what it is  
How many hours did the sleep keep from you?  
Hazy air afternoon sleeper, It's following you  
Meet the reaper  
Golden haired sister surprise, sweet sunrise  
Dear free-tune  
Wake up the stars, see what they hide  
I am such a fool  
Mothers losing sunlight  
Spinning me around  
Put me in the ground  
Look at the sun, see what it is  
How many hours did the sleep keep from you?  
Mothers losing son life  
Spinning me around  
Speaking from their mouth  
How bright is your brother's light in your life?  
Our life can never sleep  
When he rises right, his right hand over me, naked me  
Make it darker
