

# Aberfeldy, Hypnotised

Bear with me baby I'm a little behind  
I looked for you  
You were uneasy to find  
I know where you go  
I know what you do  
It's a part of me  
To be part of you  
I said what I did because I meant it at the time

You don't find it easy telling me how you feel  
So hard to know what is and isn't for real  
I know you where you go  
I know what you do  
It's not up to me  
To keep up with you  
I said what I did because I meant it at the time

Oh I love to believe you  
I live for your lies  
Tell me something else now  
To keep me hypnotised

One day you're gonna meet a millionaire  
(Meet a millionaire, millionaire)  
One day you're gonna want me out of your hair  
(Wash you out of my hair, out of my hair)  
Don't know where I'll go  
(Shut up)  
Don't know what I'll do  
(Shut up)  
If you let me go  
If you say we're through  
And I said what I did cause I was high all of the time

Oh I love to believe you  
I live for your lies  
Tell me something else now  
To keep me hypnotised
