

Abingdon Boys School, Valkyrie

The world is a battlefield
We're in a dark shadow
You win or you'll be lost forever
Don't waste all your tears
Reality is so hollow
You gotta fight, be a survivor
No way I'll be the sacrifice
No matter what they bellow
I will not give in to their hunger
We all die alone
I find it hard to swallow
I need you here, keep me alive
In heaven whenever I see you
I drop all my weapons
You tell me the meaning to life
How you drive me mad
INSANE, MY PAIN, I'm screaming on the inside
Awake to the justice
AGAIN, IN VAIN, I'm reaching for an answer
My tragedy just fades away
I dedicate it all to you
No one will last in disguise
Time flies like an arrow
Under your halo, I'll surrender
In heaven whenever I feel you
I unload my handgun
You give me the will to go on
Do I drive you mad
INSANE, MY PAIN, I'm rushing to the outside
Now over the distance
I PRAY, IN RAIN, You're tearing off the cancer
My destiny will break away
I wanna make it up to you
INSANE, MY PAIN, I'm screaming on the inside
Awake to the justice
AGAIN, IN VAIN, I'm reaching for an answer
My tragedy just fades away
I dedicate it all...
INSANE, MY PAIN, I'm rushing to the outside
Now over the distance
I PRAY, IN RAIN, You're tearing off the cancer
My destiny will break away
Cuz I wanna make it up to you
