

# Ablaze My Sorrow, Ad Libitum

[Music: M.Carlsson / D.Linden / Ablaze My Sorrow]

[Lyrics: K.Lonnsjo]

I will follow my desire  
Building up my dreams empire  
Not listening to your bullshit  
I'm free I have no sire

I will not hesitate  
If you stand in my way  
Then I'll promise you  
You won't see another day

I am the one  
That fulfill my dreams  
I will live my life  
Ad Libitum!!

See my crowbar in your face  
My knife in your heart  
My fingers around your neck  
I won't think twice

I am the one  
That fulfill my dreams  
I will live my life  
Ad Libitum!!

I am a predator  
You are the prey  
So shut your mouth  
And hear what I have to say

Life is survival  
Only the strong will live on  
The future lies clouded  
For you, not me

I'm on top on the food chain  
Your just another worm  
Your efforts to pull me down  
Well they are in vain

I am the one  
That fulfill my dreams  
I will live my life  
Ad Libitum!!

This is our world  
We don't want you here!
