

# Ablaze My Sorrow, Retention Of Illusion

[Music: M.Carlsson / Ablaze My Sorrow]

[Lyrics: K.Lonnsjo]

Faithful believers of a nonexisting god  
Waste all your life on your bare knees  
Reality a word unknown  
Passing your head with a gentle nod  
Brainwashed from the day of your birth

Religious fanatic from the cradle to the grave  
Christian pedophile is that your way to save?  
Why can't you see beyond, the illusion, the lie  
Just sitting there praying to an empty sky

You are maggots, sheep's that walk in flock  
Not able to think on your own  
Don't come to me begging for mercy  
No f\*\*king remorse, you are going down

Religious fanatic from the cradle to the grave  
Christian pedophile is that your way to save?  
Why can't you see beyond, the illusion, the lie  
Just sitting there praying to an empty sky

I hate you  
I curse you  
The truth is what I speak  
My words is your defeat

Day in day out before your precious icon  
Your life is mine to waste  
Blindfolded "men" of god  
I deny your lords existence!  
Holy father nothing more than phantasm  
Pestilential lord of lies
