

# Aborym, Fire Walk With Us

We are suns nation  
And we do creation  
Of perfect temptation  
By sound is the mission  
Through the darkness of future past  
A chant between two worlds  
We are suns nation  
And we do creation  
Open dimensions  
Releasing damnation  
The touch of the infernal creatures never heals  
We are suns nation  
And we do creation  
Of perfect temptation  
By sound is the mission  
Thousands of lifeless sounds  
Create trance chant of evil  
Fire walk with us!! Fire walk with us!!  
Through the darkness of future past  
The touch of the infernal creatures  
Through the darkness of future past  
The touch of the infernal creatures...  
Where you came from??  
I came from where you see the dark...  
Valley of the dawn
